INDEX TO VOLUME XIX

Page numbers preceded by "(P)" refer to the summaries of symposia and papers at the Spring and Summer Meetings of the Thoracic Society.

A

Abductor paralysis, bilateral, with respiratory obstruction (P), 479
ABER, G. M.: Chronic bronchitis and pulmonary heart disease (P), 477
Abscess, ruptured lung, empyema and, in adults, 492
Adenomatoid malformation, congenital cystic, of lung, 1
Adrenal cortical function in continuous asthma (P), 479
Air purification (P), 381
Airway obstruction, localized and generalized, differentiation between, 416
variation of drug action on, 406
ALETRAS, H., BJÖRK, V. O., HULTQUIST, G., and RODRIGUEZ, L.: A new method for tracheal reconstruction, 358
ALI, M. Y., and WONG, P. K.: Intrapulmonary teratoma, 228
Allergic pulmonary vasculitis, idiopathic pulmonary haemosiderosis with, 311
ALTOUNYAN, R. E. C.: Variation of drug action on airway obstruction in man, 406
Ampicillin in treatment of *Haemophilus influenzae* infections of respiratory tract, 298
Amyloid 'tumours', localized, of lung simulating malignant neoplasms, 97
ANDERSON, A. E., Jr., AZCUY, A., BATCHELDER, T. L., and FORAKER, ALVAN G.: Experimental analysis in dogs of the relationship between pulmonary emphysema, alveolitis, and hyperinflation, 420
ANDREWES, CHRISTOPHER: Viruses affecting respiratory tract (P), 380
ANDREWS, G. S., and ROSSER, T.: Clinical value of exfoliative cytology in neoplasia of the lung, 279
Anepithelial lung cyst, 343
Aneurysm, false, of pulmonary artery with peripheral venous thrombosis, 449
ventricular, 162
ANGUS, G. E., see Thurlbeck, W. M., and Angus, G. E.
Aortic incompetence and stenosis, homograft aortic valve replacement in, 131
valve replacement, 369
surgery (P), 479
ARNFRED, EBBE: A new terminology for the subdivision of atrial septal defects, 490
Arterial oxygen saturation, low, cause of, in pulmonary fibrosis, 507
Arteries, pulmonary, bronchial collateral circulation in experimental stenosis of, 306
false aneurysm of, with peripheral venous thrombosis, 449
normal, *x*-ray microscopic study of vasa vasorum of, 561
solid, 322
Arthritis, rheumatoid, constrictive pericarditis in association with, 555
Asbestos, cardiopulmonary function studies in workers dealing with, 22
exposure, pathology of mesotheliomata and their association with, 268
Asbestosis, rheumatoid pneumoconiosis in association with, 433
Aspergillomata, multiple bilateral pulmonary, 104
Aspergillosis, pulmonary: review and description of three new cases, 287
Asthma, continuous, adrenal cortical function in (P) 479
ATHERSTONE, R. N. G., and CHAPMAN, DAVID: A cure for foaming and spill-out in the Melrose oxygenator, 355
Atrial septal defect, surgical treatment of, under hypothermia, 481
new terminology for subdivision of, 490
AVERY, M. E.: Surface active agents in lungs (P), 381
AZCUY, A., *see* Anderson, A. E., Jr., Azcuy, A., Batchelder, T. L., and Foraker, Alvan G.

BRIERLEY, J. B.: Post-operative cerebral damage (P), 382
Bronchial anastomosis, technique for, after resection of portion of bronchus, 347
carcinoma, poorly-differentiated, secretion of 5-hydroxytryptamine by, 62
return to work after surgery for (P), 381
collateral circulation in experimental stenosis of pulmonary artery, 307
Bronchitis, chronic, distribution curve for, 436
recent studies in (P), 477
Broncho-pulmonary circuits: synoptic appraisal, 537
Bronchogenic carcinoma in women, 338
cyst, congenital partial left pericardial defect with, 176
Bronchography with Hytrast, 37
Bronchus, fatty polypoid tumour of, 533
